George H. Guptill, Comm.
Herman A. Clock, Jr., Comm.
Leo A. Bourgault, Comm.
Norma A. Archibald, Clerk

The Water Commission expresses their appreciation to the residents for the understanding and effort expended resulting in a "No Balance" delinquency water bill account. This is as it should be because the solvency of any business requires prompt payments of receivables incurred.

A most important matter relative to the town water system now confronts us as evidenced by the obvious deterioration of the system during the past year. In view of said condition, the Water Commission has engaged the services of Western & Sampson, consulting engineers, Boston, Mass., to survey, evaluate, and prepare specific plans of requirements needed to bring the system up to date at the earliest pos-

sible time. This will involve new sources of water, replacement of mains, and such other services as will insure a clean and adequate present and future supply for our town.

Upon receipt of the information required, a committee of town officials, and interested residents will be formed to make and determine the best procedure for pursuance and completion of the project in the quickest and equitable manner.

WATER COMMISSIONERS

REPORT OF TOWN CLERK

Receipts from January 1, 1968 to December 31, 1968:

1967 Auto Permits	$ 427.69

REPORT OF THE HIGHWAY AGENT

Maintenance:

We came out very well on our budget this year. Our budget is usually based on balances and overdrafts. Our maintenance budget this year ensuing should remain the same. At a recent meeting with the selectmen it was suggested or the fact was mentioned that three gravel roads were in bad condition having had very little maintenance on them in the past. Until the past year or two a minimum amount of maintenance seemed sufficient. Two of these roads being the Morrison Road, located one-half mile off the Lane Road and the Blueberry Hill Road. One mile distance of the later road is open year round. I suggest brush and tree cutting on each road plus at least two road drainage culverts on each and probably two days work with a bulldozer on both roads. The third road the Shattugee Road is located off Lane Road a distance of about one mile. This road being open only to summer traffic should have some tree and brush removal, at least one culvert and a sufficient amount of gravel.

Tarring:

This year's tarring budget was spent with the following sections being swept, patched and seal-coated: Ham Road, Melody Drive, Prescott Road, Langford Road, Batchelder Road, Old Manchester Road, Lane Road, Fordway Road. We also found it necessary to put a hot-top cap on the sidewalks in front of the stores in the center of town.

Town Road Aid Project:

Our town road aid project was for about four-

teen hundred feet on Lane Road. This section of road was about sixteen feet wide with a narrow and dangerous point at Handley's Corner and at upper Fordway Brook Crossing. The culvert at the brook was 24 feet in length and had a four foot diameter.

This section was reconstructed with a fifty-six inch diameter arched culvert, fifty feet long installed to insure a greater amount of water runoff during high water. Handley's Corner widened to a maximum width for traffic and snow plowing, the tarred surface being twenty feet wide.

I strongly urge that our next project, which should be acceptable to the State, is a section on the Green Road. This road having a gravel distance of 1½ miles has an increasing amount of traffic and residents plus the fact that it has been accepted as a school bus route. I would like to see at least one year's allotment of Town Road Aid Money spent on a section of this road.

Batchelder Road:

We have had a number of citizens of Raymond ask about the removal of ledge on the Batchelder Road, in the vicinity of Isidore Erwin's. At this point there is ledge creating a very sharp corner where there has been automobile mishaps and a great many close calls. The road itself is narrow at this point and several points in a short distance. I think this should be taken care of.

Batchelder Road is about two miles distance, being the road I live on, I have noticed the rapid increase in the amount of traffic and building. Fourteen years ago when this road was tarred, I could count nine houses on this road. Today, I can count over thirty. The largest amount of building has been within the past six years. I would like to add the selectmen and myself have reasons to believe that

there will be a considerable amount of more property developing, building and an increasing amount of traffic this year.

Equipment:

Last year the town voted to purchase a loader which has enabled us to increase the amount of town road building without having to hire a loader to be charged against the town or budget. The loader type machine being equipped with snow plow and wing for winter use has worked out very well. It has been the town's policy in the past that money taken in from equipment rentals be put in the existing new equipment fund, this has been done on both the loader and grader.

I would like to take this opportunity to thank the men who worked with this department this year, also the town treasurer for her continued services, and the selectmen for their work and interest in this department. I thank the citizens and taxpayers for their continued cooperation.

Respectfully submitted,
LYMAN R. HAMMOND, JR.
Highway Agent

LIBRARY REPORT - Dudley-Tucker Library

This supplements the Librarian's
and the Treasurer's Report.

Library services and operation have continued as in recent years with no noteworthy change except an increase in book prices which has reduced our cash reserves and which has required us to request the selectmen to place an increased appropriation before the Town Meeting. We trust that this will be approved so that Library services can continue undiminished

We are continuing to make use of State Library advice and assistance although with some reservations as to the desirable amount of control by the State Librarian. The Librarian and Trustees have attended Library Association meetings and meetings for the discussion and selection of books. The annual State appropriation of $100.00 is being used as required for reference books.

A box has been placed at the Library entrance for the deposit of books returned outside of Library hours. Many have availed themselves of this convenience. We thank Mr. Fred Kaledner for his volunteer services in lettering this box . . . A neat and attractive job.

We acknowledge with thanks gifts of books from Mrs. Sue Ege and Mrs. Priscilla Roberts.

Three years ago the Town voted to place the Librarian and others under Social Security. This vote has been cancelled out by the bureaucrats of the Social Security Administration. We understand that the Selectmen are taking appropriate steps in this matter and hope for their success.

Your Trustees are under general pressure from

the State and Association sources to increase the Library hours. We are at present resisting this pressure, believing that the additional expense is not justified in view of the amount of Library patronage. We may, however, be wrong in this and solicit comments, pro and con, from Library users.

Respectfully submitted,

Dudley-Tucker Library Trustees

IBER HOLMES
Treasurer

New Hampshire is the fastest growing state in the northeast in terms of population increase. It is also an industrialized state and this growth is likely to continue, all of which means more families and homes. Our growing summer population is scattered throughout the state with a phenomenal increase in vacation homes.

Many new homes and practically all cottages are being located in woodlands and abandoned fields and forests crowd into the back yards of our village streets. In a state where the forests cover 86% of the land surface. It is necessary that everyone be aware all through the season, which comes with the disappearance of the snow until the snow comes again, of the need to be careful with outdoor fires and fire sources.

The following action will help:

1. To teach our children the danger of lighted matches.
2. To never discard lighted smoking material from a car or while walking through fields or woods.
3. To safely dispose of rubbish at the town dump. If you must burn—
   a. You need a written permit from the town fire warden for all debris burning except when the ground is covered with snow. Cooking fires in outdoor fireplaces or in charcoal brasiers in your own back yard is permitted on notification of the warden.
   b. The warden is forbidden by regulation to allow burning of househould rubbish on grass by householders between 9:00 a.m. and 5:00 p.m.

c. Have equipment on hand to control the fire before you light the match.

4. Promptly report any fire out of control to your fire warden or fire department.

Help to keep our town out of the fire occurence column and save our tax dollars for useful purposes.

Forest fire record for 1968:

	Number of Fires	Woodland acres burned
State	593	349
District	119	197
Raymond	8	11

My deputy wardens and myself would like to take this time to thank our selectmen and all of the people, young and old, for all the help they have given us in fire prevention this last year. Let's try to do a lot better this year.

Thank you,

RAYMOND H. SMITH
Warden

RAYMOND POLICE DEPARTMENT

It is my privilege to prepare the eighth annual report of the activities of the Raymond Police Department.

The combination of motor vehicle complaints, accidents and burglaries are the most time consuming phase of this department. During 1968 the number of motor vehicle accidents decreased, the fatalities remained the same. Much more time was spent in court prosecuting motor vehicle violators and more letters of suspension were written and acted upon than in any other year. I am sure that each year this phase of the department's work will show an increase.

Raymond was hit very hard with a series of very serious burglaries in 1968. It must be remembered even though 24 hour coverage is given during the weekends, weekday nights are left with a period that is unpatrolled. Persons responsible for many of these burglaries know this and make good use of the time. Although Raymond was hit hard, I assure you that this was true everywhere in the state. More rigid patrol systems and surveillance is the only answer to solving the problem.

During 1968 this department sent 4 men to the Rockingham County Police Training Academy for a period of 30 weeks. This is a very important part of every police officer's training today. The day of taking a man off the street and pinning a badge on him and saying "you are a policeman" is gone. This is fast becoming a professional and technical job.

The cruiser provided by the Town of Raymond in 1967 is still in good condition. The mileage at the

end of 1968 was 41,500 miles. New tires were put on at 40,500 miles. Plans for replacement of the cruiser should be made in 1970.

I would like to take this opportunity to extend my thanks and appreciation to Deputy Chief Robert Elliott, Officers Howard Cottrell, Orris Larrabee, Robert Richard, Vance Ryan and the other Special Officers, the Raymond Ambulance, the Selectmen and the citizens of Raymond for their cooperation and assistance in making this department function smoothly.

Respectfully,

JOHN A. HARNEY
Chief of Police

REPORT
OF AN EXAMINATION AND AUDIT
OF THE
TOWN OF RAYMOND
FOR THE FISCAL YEAR ENDED DECEMBER 31, 1968

Hunt's Accounting Service

5 Morningside Drive

Hampton, New Hampshire

HUNT'S ACCOUNTING SERVICE
5 Morningside Drive
Hampton, New Hampshire

January 24, 1969

Board of Selectmen
Raymond, New Hampshire

Gentlemen:

Submitted herewith is the Audit Report for the fiscal year ended December 31, 1968.

SCOPE OF AUDIT

All Departments of the Town Government were audited — The Board of Selectmen, Treasurer, Tax Collector, Clerk, Trustees of Trust Funds, Library, Cemetery Trustees and Water Department.

FINANCIAL STATEMENTS

Exhibit A-1 contains Balance Sheets for fiscal years ended December 31, 1967 and December 31, 1968. This Exhibit reflects the Assets and Liabilities at the close of the fiscal year. The financial condition of the Town of Raymond shows a Net Debt of $71,953.67 as compared to a Net Debt of $29,043.80 at the close of 1967.

Exhibit A-2 shows the change in financial condition and the analysis of the change.

Exhibit A-3 shows appropriations as raised by Town vote, receipts and reimbursements of appropriations, expenditures and balances unexpended and overdrafts. The final balance of net overdrafts was $18,052.09.

Exhibit A-4 shows anticipated revenues and amounts actually received by the Town. The final excess of overdrafts over revenues was $18,052.09, less net revenue surplus of $4,137.22 resulted in a net budget deficit of $13,914.87.

DEPARTMENTS

Exhibits B-1 through J show the Town Officers' Accounts. The Tax Collector was audited twice because a new collector was elected in March of 1968.

Verification notices were sent on all delinquent taxes for the 1968 levy.

GENERAL COMMENTS

The accounts and records of all Town Officers were in excellent condition. The Town has grown in past years. The property taxes for 1967 were $314,070.28. In 1968 they were $342,775.41, an increase of $28,000.00 in one year.

To the officials of the Town of Raymond, many thanks for the cooperation given to me and my staff. To the new officials, congratulations for the fine work you are doing.

Very truly yours,

HERBERT E. HUNT
Auditor

HEH/Jmw

HUNT'S ACCOUNTING SERVICE

TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Raymond in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Raymond Fire Station in said Raymond on Tuesday, the eleventh day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To see what action the Town will take relative to the playing of Beano in the Town of Raymond.

4. To see if the Town will vote to authorize the

Selectmen to borrow money in anticipation of taxes.

5. To see if the Town will vote to authorize the Board of Selectmen to sell at public auction any property acquired by Tax Collectors deeds.

6. To see what action the Town will take regarding the purchase of land of Harold Berk adjoining the present town-owned land on Route #101 where the Salt Shed is located and to raise and appropriate the money for same.

7. To see what action the Town will take in regard to putting an addition on to the present Salt Shed to be used for Town Machinery Shed and to raise and appropriate the money for same.

8. To see if the Town will raise and appropriate the sum of Five Hundred dollars ($500.00) for the continued general improvement of the New Pine Grove Cemetery.

9. To see if the Town will vote to raise and appropriate the sum of One Hundred dollars ($100.00) for the continued improvement of the Lane Cemetery and the Chester-Raymond Line Cemetery.

10. To see what action the Town wishes to take toward the expense of Christmas lighting and to raise and appropriate the money for same.

11. The residents of Francesca Drive and Susan Circle would like the Town to put proper street lighting on these two streets and to raise and

appropriate money for same. We feel it very necessary to have them installed at the beginning and at the end of these streets. (Petition)

12. To see if the Town will vote to raise and appropriate a sum of money for the widening, blasting, graveling and including road culverts on the roads known as the Morrison Road, Blueberry Hill Road and Shattugee Road. (~~Petition~~)

13. To see what action the Town will take in regards to the removal of ledge and the widening of road near the residence of Isadore Erwin on the Batchelder Road and to raise and appropriate the money for same. (~~Petition~~)

14. To see what action the Town will take regarding the installation of new water pipes in the water system in the Old Pine Grove Cemetery and to raise and appropriate money for same.

15. Article (1) To see if the Town will vote to adopt a plan for extending to employees of the Town the benefits of title II of the Federal Social Security Act (Old Age, Survivors and Disability Insurance) as authorized by Chapter 101 of the Revised Statutes Annotated Amended by Chapter 302 and 332 of the Laws of 1955 and to raise and appropriate the sum of Nine Hundred dollars ($900.00) to defray the town's share of the cost thereof.

Article (2) to see if the Town wishes to exclude from the plan services in any class or classes of positions filled by popular election.

Article (3) To see if the Town wishes to exclude from the plan services in any class or classes of positions the compensation for which

is on a fee basis.

Article (4) If a plan for Social Security coverage is adopted, to see if the Town will authorize the Selectmen to execute on behalf of the Town the necessary agreement with the State of New Hampshire to carry into effect the plan and to see if the Town will designate the Town Treasurer as the officer to be responsible for the administration of the plan.

16. To see if the Town will vote to raise and appropriate the sum of Five Hundred dollars ($500.00) for the purchase of office equipment for the Selectmen's office.

17. To see if the Town will vote to raise and appropriate the sum of Five Hundred dollars ($500.00) for the purchase of a flag pole to be erected in the Common.

18. To see if the Town will vote to raise and appropriate the sum of Three Hundred dollars ($300.00) to defray the expenses of taking a Town census.

19. To see if the Town will establish a Town Conservation Commission as set forth in RSA-36-A. (Petition)

20. To see if the voters of Raymond will vote to ban pin ball machines in the Town except at non-profit making organizations. (Petition)

21. To see if the voters of Raymond will vote to publish property valuations every three years. (Petition)

22. To transact any business that may legally

come before this meeting.

Given under our hands and seal, this twenty-fourth day of February, in the year of our Lord nineteen hundred and sixty-nine.

Report of

SPECIAL CEMETERY COMMITTEE

At the annual Town Meeting held on March 12, 1968, and adjourned to March 16, 1968, Article 22 was "adopted as written" by a unanimous vote. The article called for the town to borrow $15,000.00 for the purpose of filling, grading and laying out burial spaces, walks, etc. in a section of Pine Grove Cemetery where an excavation then existed. The selling price of burial spaces and all other financial matters concerning this project were spelled out in this article as well as the rules and regulations for its proper maintenance. The Selectmen were authorized to appoint a committee of five residents of the town. This committee would choose its own Chairman and Secretary and would have full authority to complete this project.

The Selectmen appointed the Committee as follows: Edward W. Moulton (Selectman), Ernest Cote (Trustee of Trust Funds), Burgess A. Chase, George C. Gove and J. Henry Greenwood.

The first meeting of the committee was held the next evening, March 17, at which Edward W. Moulton was elected Chairman and George C. Gove was elected Secretary. This committee started to work with a bang, arranging for filling the area, protecting the Whittier entrance, cutting the old oak tree, getting permission from certain lot owners or their heirs to change the grade and/or raise their stones on a few abutting lots. The offer of the Manchester Sand, Gravel and Cement Co. to do the filling and loaming was accepted. Had it not been for their generous offer it would not have been possible to undertake this project.

On Monday morning, March 25, the first load of fill arrived and this filling continued for several days. After a lot of compacting and shaping the area was deemed ready and then the loam was hauled in and spread.

Some monuments on abbutting lots had to be raised and the Exeter Monument Co. was hired to do this job.

We received price quotations for the flagpole, grass seed, shrubs, etc. and in each case we purchased either at the lowest price or the size that best suited our needs. Wherever possible we got prices from any local supplier.

There was a tremendous amount of hand work that had to be done on this project and every member of the committee put in hours and hours of his time and services and did not receive one cent of compensation. There were many others who gave generously of their time and services without recompence. I hesitate to list them for fear of leaving out some worthy names.

Some committee members visited other cemeteries where all graves and markers are flush so that the whole area appears like a large lawn or park. A Mr. Atwood, of Bradford, Mass., and a Mr. Adams of Barre, Vermont met with the committee and the Selectmen and gave a talk, illustrated with slides, on various cemeteries and layouts of cemeteries located in all parts of the United States. The committee sought all possible information from as many sources as possible.

An aluminum flagpole, 44 feet in overall length, was purchased and was installed by local donated labor. A nylon flag was purchased through the

American Legion at a generous saving. The planting was made by Knibbs Garden Center of Exeter, the black top walks and circles were paved by Armand Gagnon of Epping, the seeding was done by Paul Kimball of Kensington and the mowing and care of the garden was done by members of the committee. Late in the Fall this newly grassed area was limed and fertilized by Knibbs.

Two black top circles have been made and 148 burial spaces lad out on these circles, each one marked by a flush aluminum marker. At this writing, 33 burial spaces have been sold. These spaces sell for $75.00 with $60.00 of this amount going toward paying off the borrowing and $15.00 from each space sale going into a fund for Perpetual Care for this area. It is hoped that people purchasing spaces will make payment promptly so that payments to the bank can be made as outlined in the proposal for this project.

There is more work to be done on this project such as getting a water outlet or two into this area, making and erecting an enclosed directory, adding to the plantings and, later on, more black top circles should be added but these circles are not needed for a while. A detailed list of expenditures appears in the Annual Town Report. As of now, there is an unexpected balance of $2,106.96 which has been deposited in the Manchester Savings Bank, in Manchester, to draw interest and is in the protective care of the Town Treasurer. Bills for further construction work on this project will be paid from this savings account.

The committee hopes that the townspeople are pleased with the progress and results of this project.

I would like to add a personal word, if it is permissible, and that is — we had a wonderful committee for this project with the best possible cooperation. With a spirit as exhibited on this project it should encourage other people to come up with other worthwhile projects for the benefit of this Town and its people.

Respectfully submitted,

GEORGE C. GOVE, Secretary

Special Cemetery
Committee

Report of the

TRUSTEES OF TRUST FUNDS

The Cemetery activities of the Trustees have continued as in the preceeding year. Their work has consisted of the expenditure of Cemetery Trust Funds for perpetual care and (by direction of the Selectmen) the expenditure of the $550.00 Town appropriation for Pine Grove Cemetery. This appropriation was spent for Spring cleanup, mowing for Memorial Day, mowing the avenues water system repairs and brush cutting. We believe that our Townspeople have generally approved the results.

During 1968 seven new Trusts totaling $900.00 were established and five others were increased by a total of $585.00. These are in addition to the newly established Trust Fund for the new Single Space Section. This Fund now totals $360.00 and, hopefully, will some day reach a value which will take care of the entire new Section. We commend the wisdom of those who are insuring the future care of their family graves. In an age when many families migrate from town this provision is very desirable.

We continue to have a few residents who take absolutely no care of their lots and a few others who arrange with a Trustee to mow their lots and who then ignore the resulting bill.

In Pine Grove Cemetery we plan some experimental work with weed killer in an attempt to control the weeds which have spread from some of the under-cared-for lots. We hope that this will prove beneficial.

It may be noted from the Treasurer's Report that the total expenditure for Perpetual care was

$1,454.82.

Although not a Trustee responsibility, we mention as a matter of general interest that the trees were cut on the Chester Line Cemetery and that considerable work was done by several volunteers on the Lane Cemetery. The very evident improvements lead us to hope that still more attention will be given these graveyards.

As indicated in the Trust Fund Tabulation, the cash of the George Goodrich Fund has been deposited in the Amoskeag Savings Bank. The interest from this plus the $45.00 interest on the $1,000.00 Southern Pacific bond will total about $427.25 annually. This interest will be turned over to the School Board on request for use as directed by the will in the English Department of Raymond schools.

RAYMOND SCHOOL DISTRICT WARRANT

1969-1970

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Raymond, New Hampshire qualified to vote in district affairs:

You are hereby notified to meet at the Raymond School auditorium in said District on the eighth day of March, 1969, at Seven O'clock in the evening to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the coming year.
3. To choose 1 member of the School Board for the coming three years.
4. To choose a Treasurer for the coming year.
5. To determine and appoint the salaries of the School Board and Truant officer, and fix the compensation of any other officers or agents of the district.
6. To hear the reports of Agents, Auditors, Committees, or officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation for such sums as are estimated to be received from the State foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
9. On petition of Harriet Cady and 30 others: To see if the District will vote to establish a program

of kindergarten in the Raymond school system; instruct the school board to consider space requirements for this activity in planning the next District building program, and cause said kindergarten to commence at the beginning of the school year next following approval and completion of said building program.

10. To see if the District will authorize the school board to appoint a Building Committee consisting of seven members to review building requirements and report its findings and recommendations to the School board.

11. To see what sum of money the District will vote to provide for the design, construction and equipment of additional facilities to the Raymond Consolidated School and for such alterations as may be necessary thereto, and to appropriate a sum of money for that purpose to be raised by borrowing in accordance with the provisions of the Municipal Finance Act, RSA Chapter 33 and any amendments relating thereto.

12. To transact any other business that may legally come before this meeting.

Given under our hands at said Raymond, this 21st day of February, 1969.

JOHN A.ORNELL
RICHARD T. LEONARD
FRANK G. CASE
EDWARD A. THOMPSON
RUBY G. COLLIGAN
SALLY L. PARADIS

Report of the

SUPERINTENDENT OF SCHOOLS

This is my last report. When it is read, I shall be attending to the affairs of life normally associated with retirement. However, one cannot give up a role easily which has been played for forty years without having a few thoughts about the past, present and future. While is is pleasant to reminisce, the fulfillment of tomorrow's dreams can only be realized through positive action taken today.

Through the years, the process of education has moved from the little red school house, which at that time met the needs of many, to a refinement and sophistication that can only be accommodated in a larger school. The child who completed the eighth grade yesterday now stays on until he finishes high school. In some areas of the country, the community provides an additional two years of public education at public expense. The complexities of the modern world place a premium on education which can only involve greater expenditures as the years go by.

At one time, the local school district assumed full responsibility for financing its educational system. With the passing of time, the demands that have been placed on the community are taking an increasingly larger share of the tax dollar, to the point that the property owner is required to shoulder a proportionately larger burden. Whereas teachers would accept what a local district would pay, or move on, a mobile population has teamed up with modern means of communication to break down town boundaries. Teachers, with leadership provided through their associations, are acting in concert in the presentation of demands which tend to be uniform from district to district. As a consequence of this, school boards

have been haunted with the specter of costs increasing more rapidly than ability to pay.

Basically, education is a state function, with school districts serving as political subdivisions of the state. The state board of education has powers of management, supervision and direction over all public schools and may make rules and regulations necessary to secure their efficient administration. From time to time, statutes have been enacted which also contribute to a framework within which local boards operate. The purpose of such regulation is to insure that all children living in the state receive an aquality of educational opportunity. However, the scope of education today exceeds that which must be provided by law and while every child has the same opportunity in theory, in practice this is not the case.

The time is now at hand when, more than any other time in history, it is necessary for the state to extend itself to a greater degree than it has in order to promote educational opportunity. There is a wide discrepancy in the ability of towns to meet costs, and the town which is rural in character does not have the same resources as does the one with a broad tax base provided by business and industry. If the state is not to abdicate its responsibility, it would seem quite evident that it must at least fully implement those statutes which now exist so that the local tax payer will not be called upon incessantly to make up the difference necessary to maintain an adequate educational program. In turn, it would seem appropriate to consider very seriously the methods of raising revenue required to implement these statutes. Unless these steps are taken, inequality of educational opportunity not only will continue, but it can only become greater in the years ahead.

C. MAURICE GRAY
Superintendent of Schools

PRINCIPAL'S REPORT

To the Superintendent and the School Board:

After two decades of staggering increases in enrollments across the country, research predicts a leveling off in the next couple of years. Whereupon, present prognosis has American education entering one of its most significant decades of progress. When one considers our past and even the present preoccupation with sheer numbers, it seems only logical that the next step could and should be the improvement of techniques and equipment. Future capital investment should therefore be earmarked for materials carefully developed by on-going research.

We have undertaken two extremely important projects during the current school year. The first is the self-evaluation mentioned in last year's report. The second is a systematic survey of our school needs — building, curriculum and equipment — being accomplished through cooperation with the Boston University Graduate School of Education.

I. Instructional Improvement

As a follow-up to our very successful summer Reading Program, financed with Title I Funds, we have embarked on an equally successful tutorial program in reading. Mrs. Ruth Houghton has been meeting regularly with sixteen students on an individual basis for two days a week. During the second semester we hope to better than double this number by employing Mrs. Francis Gibson three days a week, on the same project.

We have also expanded our speech therapy pro-

gram with the employment of Mrs. Gloria Clarke of Pembroke for two days a week,

With the advent of new legislation relative to Driver Education the number of enrollees has doubled. Consequently, we have added a second driving instructor, Mr. Roger Dube.

The second semester we will receive two Cadet teachers from the University of New Hampshire in the area of mathematics. These two teachers will work under the supervision of Mrs. Sargent.

Some sixty-four third grade youngsters are enjoying weekly instruction on the violin. This is a service being provided by the Center for Arts Exposure at no cost to the district. The Suzuki method of instruction is being used by the instructor. We are one of six schools selected by the Center for this project. The Center services some forty-five schools in the Greater Manchester Area.

II. Materials and Resources

Through the purchase of transcription equipment we are able to offer our stenography classes instruction on three levels of difficulty.

We have availed ourselves of the testing services of the Child Development Center in Derry a Title III Project jointly written by the Raymond and Derry Supervisory Unions.

Our children, grades 1 - 6, are privileged to participate in the Center for Arts Exposure another Title III Project sponsored by Supervisory Union #53. Every five weeks we receive a program from the center featuring professional musicians, artists, repertory theatre, folk-dancers and singers. This is the final year of the project. If you feel that your child

has benefited from seeing and hearing these programs please write to the Center or to your Superintendent of Schools or to this office.

We have been selected by the Bureau of Educational Research and testing at the University of New Hampshire to participate in an experiment in computer scheduling of classes. Six schools in the state will take part. The other five are: Littleton, Merrimack-Valley Regional, Oyster River, Winnacunnett and Dover. We were selected as a representative small school system.

III. Student Activities

Our youngsters continue to learn valuable lessons on the fields of friendly strife, winning their fair share of honors for themselves, their school and their community.

One of our proudest accomplishments during the past year was the league title won by the mathematics team. At present they remain at the top of the heap after three contests. Our sincere congratulations to all.

In state-wide competition for band and chorus, the following students will represent Raymond this Spring: Junior High, Karen Wilich, Debra Turner and Pamela Cooley; High School Chorus, Audrey Renaud, Shirley Colligan, and Sharon Cronin; High School Band, Carlene McKinley, Scott Campbell and Raymond Rodier.

Our band and choir have won us the plaudits of many with their appearances at home and in other communities. The Band has won the High School competition at the Deerfield Fair eight consecutive years.

The Student Council has this year made it possible for each student to have his own photo-identification card, plus a student activities membership card for those who belong. Professional assembly programs selected, financed and presented by this group offer many hours of enjoyable relaxation for our student body.

The Art and Shop classes have been most helpful to Headstart and the Readiness Room, in the materials prepared for use with these groups. We are most grateful. They have set a pattern for other communities to follow. Visitors have been most complimentary.

IV. Community-School Relations

The Raymond P.T.O., under the leadership of Mrs. Harriet Cady has worked many long hours to provide us with four carpeted classrooms, (Headstart, Readiness and two first-grade rooms). This is a tremendous contribution to the well-being of the teachers and students in the classrooms so outfitted. Thank you so much.

The Raymond, Maple Wheadon Post V.F.W., project this year was the presentation of a language master to the Speech department. This electronic device has been a most welcome adjunct to both the speech therapist and the reading teachers. Thank you sincerely.

Our sincere and heartfelt thanks to:

The many parents who assist with small group transportation whenever needed.

The mothers of our athletes who provide an all sports banquet annually.

The Parent Teachers Organization for their as-

sistance in the dental health program.

The Parent Teachers Organization, Maple-Wheadon Post V.F.W. Auxiliary, Maple Wheadon Post V.F.W., the United Shoe Workers of America Local 106, the Student Council, the Alumni Association, William Greene, the Business and Professional Association and Camp Se-Sa-Ma-Ca for the scholarship help given our graduates.

A truly dedicated staff, whose devotion to duty is most commendable.

A school board committed to the principle of improving educational opportunity for all.

A superintendent and assistant-superintendent who have been most helpful and understanding.

You, our fellow townspeople, for your continued cooperation and support.

Sincerely,

JOHN J. CALLAGHAN
Principal

Report of the

SCHOOL HEALTH PROGRAM

To the Superintendent of Schools and the School Board of Raymond, N. H.: I hereby submit my first annual report as School Nurse-Teacher.

The school nurse-teacher carries out a wide variety of duties. These include:

Health Appraisal

A. Cursory Examainations. This examination includes inspection of the throat, teeth, glands, head, arms and hands of all the pupils in the elementary grades at the beginning of the school year and as requested by teachers.

B. The yearly physical examination of all boys and girls participating in school sponsored baseball, basketball, softball and soccer. This examination is done by the School Doctor assisted by your school nurse-teacher.

C. Vision. All pupils in all grades are tested every year. Hearing. Beginning in September, 1968, all pupils will be tested every year.

D. Heights and weights are checked and recorded annually.

E. Follow-up. Unless a successful program of follow-up is carried out all the testing and examinations are useless. 1. Parents and guardians are notified of all physical defects and assistance is offered to obtain necessary corrective care. 2. Assisting teachers in making adjustments in children's programs, seating arrangements, etc., when needed.

Emergency Care of Accidents or Illness at School

A. First aid is rendered to ill or injured pupils.

B. Parents are contacted and transportation is arranged for the child who is too ill to stay at school.

Communicable Disease Control

A Tuberculin Skin Testing Program was held in November for the first and second grades. Seventy-five tests were administered by the nurse from the New Hampshire Tuberculosis and Health Association, assisted by your school nurse. An Immunization Clinic for pre-schoolers and all students was held in October, November and December. A medical doctor, public health nurse, school nurse and school personnel assisted.

Health Instruction

A. A personal hygeine course and film was presented to girls in grades 5 thru 7 in November, 1968.

B. Health guidance is a continuous process for the school nurse-teacher and even the application of a band-aid is used as an opportunity to teach the importance and methods of caring for minor wounds.

Pre-School Registration

Pre-school registration was held in April. Thirty-eight children were registered. A Medical Doctor was present to give physical exams. The school nurse recorded the medical history of the children enrolled in the first grade in September. This helps the school nurse to become acquainted with incoming pupils and their parents or guardian. Any disabilities the children may have are noted at this time so that any adjustments may be made before the child starts school.

Class Advisor

Your school nurse-teacher acted as advisor to

the Future Nurses Club. Business and planning meeting was held at least once a month. Field trips were taken to the Concord, Elliot and Sacred Hospitals, and Brentwood County Home and Hospital. Some films were shown in relation to nursing and the girls assisted with the Immunization Clinic and the health and care of our students.

Dental Clinic

Sponsored by the Raymond P.T.O., ten clinics were held and thirty-three children received dental care.

Speech Therapy

Forty-six children in grades 1 thru 12 received speech therapy during the school year.

Attendance at Professional Meetings

Your school nurse-teacher acts as a professional representative of the school to other health organizations. She attends meetings as requested by State, Local and Regional Organizations that concern community and school health needs.

I would like to thank the Superintendent of Schools, Principal, Teachers, School Personnel, and Parents for their help and cooperation in my first year as your school nurse-teacher.

Only in a fully coordinated program of health and education is it possible for a child to reach his full educational attainment.

Respectfully submitted,
BARBARA WATERHOUSE, R.N.

RAYMOND CONSOLIDATED SCHOOL

LIBRARY

During 1968, circulation figures for the Jr.-Sr. High Library totaled 4,726 books. Of these, 2,330 were fiction and 2,396 were non-fiction. An average of 63 teachers and students used the facilities of the library each school day. The librarian assisted students in locating information for 282 reference questions and subject requests.

The holdings of the library, as of December 31, consist of 2,082 volumes of non-fiction (including 793 volumes on the reference shelves) and 504 volumes of fiction, making a total of 2,586. It is the opinion of the librarian that, in order to more adequately meet the research and general reading needs of our growing student body, the present collection should be doubled in the next five years.

The library subscribes to 32 magazines and 3 newspapers. Professional books for the teachers number 105 plus several shelves of textbooks. Audio-visual equipment and materials are housed in a different area, but are readily available to teachers upon request.

Library books for the elementary grades total approximately 1,350. Grades 1-2 have classroom collections and grades 3-5 are provided with a separate library with aides in attendance two hours each school day. The 6th grade uses the high school library and has a special collection in one section of the stacks.

Seventeen high school students serve as library

aides. The Library Club sponsored a successful Book Fair last spring. Several of the library aides are members of the State Student Library Assistants' Association and attend the fall and spring meetings of this association.

Pupil Personnel Services/Guidance

To desecribe the evolution of the local guidance program over the past 2½ years and the extent to which it approaches the ideal Pupil Personnel Services is prohibited by space limitations. Instead we would rather acknowledge contributions to the program, indicate means of evaluation and suggest direction for the future.

Our school administration has a positive attitude toward the guidance program encouraging our efforts. Teacher cooperation has been good and makes possible effective action. Coordinate action between guidance and specialists in reading, speech and school nurse has helped compliment the effectiveness of each other. The nurse, particularly, has helped us fill the 'social worker' role which is so important and time consuming. Secretarial workers lighten the paper-work load enabling the counselor to concentrate efforts in the areas of his particular competency. Volunteer student aides are invaluable. Our thanks to all.

Measuring the effectiveness of a school guidance program is not easily done. The yardstick should be the degree to which the program satisfies the needs of the 'school population'. This, in a total program involves in various ways, not only those pupils in school attendance but pre-schoolers, those excused from local school attendance for a variety of reasons, those who left prior to graduation, as well as those

who have graduated and are now married, furthering their education, employed, unemployed, in military service or otherwise engaged. Hopefully, the 'needs' of these individuals parallel those of their parents and society but the evaluation of the program rests with the individual.

Curriculum is the Keystone of education: the talented teacher vital to the process. In our opinion it may be impossible for this community with its given resources to provide the diverse curricula and services needed by our youngsters; it may be impossible to attract the staff. If possible, it will have to be as a result of a concerted, sustained community effort. Not merely financial support but additionally: a willingness to seek information from best professional sources and a desire to participate in shaping curriculum. Steps to actively accept teachers as a part of the community. If this is not a realistic community goal we must acknowledge the fact and seek other alternative means of financing and organization to provide this curricula and services or make no pretense that we do. We live in a community of limited resources which has much more to gain than lose by considering such alternatives if we really care about all our youngsters.

Perhaps the most important function within guidance is counseling. The expedient use of counselor time implies greater utilization of group guidance in information services. The effectiveness of group counseling as a therapeutic device, and a value examining and value shaping means, recommends its further use. Means must be found to allocate more time to elementary counseling, this being preventative, to a degree, of 'problems' at higher grade levels. We are fortunate to have a qualified elementary counselor, Mr. Fred Reischer, working part-time in

this area.

Basic to development of goals, constructive planning and coordination of effort is full communication between concerned parties in education—parents, pupils, teachers and staff administration, school board and community. Overworked and harried groups must allocate time regularly for effective communication and best performance from all concerned toward their common goal.

A great frustration is the failure of many parents to avail themselves of total guidance services. Indeed at times it appears that many are disinterested in the direction and progress of their youngsters and have no wish to become involved except at crisis times. Your involvement, we encourage; your support, we welcome; your criticism, we accept; but, apathy chills us and, more important, your youngsters.

HUGH HOLT

Director of Guidance/School Counselor

REPORT

OF AN EXAMINATION AND AUDIT

OF THE ACCOUNTS

OF THE

RAYMOND SCHOOL DISTRICT

FOR THE FISCAL YEAR ENDED JUNE 30, 1968

Made By

The Division of Municipal Accounting

State Tax Commission

July 29 & 30, 1968

DIVISION OF MUNICIPAL ACCOUNTING

STATE TAX COMMISSION

Concord, New Hampshire

SUMMARY OF FINDINGS AND RECOMMENDATIONS

August 6, 1968

The School Board

Raymond School District

Raymond, New Hampshire

Gentlemen:

Submitted herewith is the report of an examination and audit of the accounts of the Raymond School District for the fiscal year ended June 30, 1968, which was made by this Division in accordance with the vote of the District. Exhibits as hereafter are included as part of the reoprt.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the School Board and the School District Treasurer.

FINANCIAL STATEMENTS

Comparative Blance Sheets: (Exhibit A)

Comparative Balance Sheets as of June 30, 1967 and June 30, 1968, are presented in Exhibit A. As indicated therein, the Net Debt decreased by $24,587.08 during the fiscal year ended June 30, 1968.

Analysis of Change in Financial Condition: (Exhibit B)

An analysis of the change in financial condition of the School District during the fiscal year is made in Exhibit B, with the factors which caused the change indicated therein.

Comparative Statements of Appropriations and Expenditures — Estimated and Actual Revenues: (Exhibits C & D)

Comparative statements of appropriations and expenditures,

estimated and actual revenues for the fiscal year ended June 30,1968, are presented in Exhibits C and D. As indicated by the Budget Summary (Exhibit D), a net revenue surplus of $9,979.86, less a net overdraft of appropriations of $7,078.54, resulted in a net budget surplus of $2,901.32.

Summary Statement of Receipts and Expenditures: (Exhibit E-1)

A summary statement of receipts and expenditures for the fiscal year ended June 30, 1968, made up in accordance with the uniform classification of accounts, is included in Exhibit E-1. Proof of the Treasurer's balance as of June 30, 1968, is indicated in Exhibit E-2.

Statement of School Lunch Account: (Exhibit F)

A summmary statement of the School Lunch account for the fiscal year is included in Exhibit F.

Student Activities Fund Account: (Exhibit G)

A statement of the Student Activities Fund account is presented in Exhibit G.

Statement of School Tax Account: (Exhibit H)

A statement of the School Tax account with the Town of Raymond is included in Exhibit H. As indicated therein, as of Jnue 30, 1968, the School District had received from the Town the total of the 1967-68 School Tax in the amount of $225,964.70.

Statement of Bonded Indebtedeness: (Exhibit I)

A statement of the outstanding bonded indebtedness of the School District as of June 30, 1968, showing annual debt service requirements, is contained in Exhibit I.

GENERAL COMMENTS

Current Surplus:

The current financial condition of the School District increased from a current surplus (excess of toal assets over current liabilities) of $809.97 to $3,397.05, during the fiscal year ended June 30, 1968, as shown herewith:

	June 30, 1967	June 30, 1968
Total Assets	$985.70	$9,363.05
Current Liabilities	175.73	5,966.00
Current Surplus	$809.97	$3,397.05

Student Activities Fund Account:

It is recommended that all receipt and expenditure columns in the Cash Book be added and Fund Balances verified.

Conclusion:

The provisions of Chapter 184 of the Laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the School District.

We extend our thanks to the officials of the Raymond School District for their assistance during the course of the audit.

Yours very truly,
O. MAURICE OLESON

Director
Division of Municipal Accounting
State Tax Commission

O. Maurice Oleson, Auditor
Laurence M. Bean, Accountant

DIVISION OF MUNICIPAL ACCOUNTING

STATE TAX COMMISSION

Concord, New Hampshire

August 6, 1968

CERTIFICATE OF AUDIT

This is to certify that we have examined and audited the accounts and records of the Raymond School District for the fiscal year ended June 30, 1968. In our opinion, the Exhibits included herewith present fairly the financial condition of the School District as of June 30, 1968, and the results of operations for the fiscal year ended on that date.

Respectfully submitted
